SUMMARY

Published researcher and certified Master of Computer Applications candidate specializing in AI/ML. Experienced in model development, Python data automation, and cloud platforms (AWS, OCI). Seeking an entry-level AI/ML Engineer or Data Scientist role to apply a strong foundation in predictive modeling and NLP.

EDUCATION

AMC Engineering College | Bengaluru, KA
Master of Computer Applications (MCA), AI & Machine Learning
Expected Aug 2026

National College, Basavanagudi (Autonomous) | Bengaluru, KA
Bachelor of Computer Applications (BCA)
May 2024

TECHNICAL SKILLS

Languages: Python, SQL

AI/ML Libraries: Scikit-learn, TensorFlow, Keras, Pandas, NumPy, NLTK, XGBoost, Matplotlib

Cloud & Tools: AWS, Oracle Cloud Infrastructure (OCI), Git, GitHub, Jupyter Notebooks, REST APIs

Core Competencies: Machine Learning, NLP, Predictive Modeling, Data Preprocessing & EDA

EXPERIENCE

Freelance AI/ML Developer | Confidential Clients
2023 – Present

- Designed and implemented end-to-end custom machine learning solutions for clients under NDA, covering data preprocessing, model development, and optimization for predictive analytics.

AI/ML & Cloud Intern | Magic Bus India Foundation | Remote
Jul 2025 – Sep 2025

- Engineered and evaluated foundational ML models using Python and Scikit-learn; gained proficiency with core AWS services for scalable applications.

Python Development Intern | Seventh Sense Talent Solutions
Feb 2024 – Apr 2024

- Developed Python automation scripts that enhanced data processing efficiency by 20% and reduced errors by 15% through robust error-handling.

PROJECTS

- AI Career Coach:** Developed a generative AI-powered conversational agent to provide personalized career advice, resume analysis, and job-seeking strategies.
- Credit Card Fraud Detection:** Engineered a high-accuracy machine learning model to identify fraudulent transactions in a large-scale financial dataset.
- Real-Time Face Mask Detection:** Built a real-time face mask detection system using computer vision and a Convolutional Neural Network (CNN).

PUBLICATIONS

N, Rahul., & J. C., Achutha. (2025). "Preprocessing Techniques and Their Impact on Predictive Maintenance Accuracy Using AI4I 2020 Data". *International Journal of Computer Research and Development (IJCRD)*, 14(5).

CERTIFICATIONS & DISTINCTIONS

- Certifications:** OCI Certified Generative AI Professional; OCI Certified AI Foundations Associate; Data Science & AI Masters (2025).
- Additional:** Completed National Cadet Corps (NCC) service, cultivating leadership and discipline.
